

# Annual Christmas Dinner

## **New Hope & Retreat United Methodist Churches**

Thanks to the generous donations of an anonymous local family, the New Hope and Retreat United Methodist Churches, working with the staff at the Prairie View Elementary School, are able to host an annual Christmas Dinner for area families. The event, held at the Prairie View Elementary School, features a delicious meal, fun and games, gifts for the children, a visit from St. Nickolas himself, and of course the true meaning of Christmas right from the source, the Holy Bible! What a sight it is to see the eyes of the little ones light up when St. Nick comes in to visit them!

oPeople from both churches donate their time and hard work to pull this event off. Some work on creating the delicious meal while others organize and strategize a way to fulfill the long gift list. It is a monumental task but together, the New Hope and Retreat UMC's show that anything is possible!
