

Eating for Eastyn – Breakfast Benefit

On Saturday, August 05, 2017, the Westby United Methodist Church held a breakfast benefit for Eastyn Skala and his family. The goal of this community outreach project was to raise money to help Eastyn and his family with their medical and living expenses. Eastyn has been receiving radiation treatment for his cancer these past few months, so during this time, his parents haven't been able to work at their jobs on a full-time basis.

This outreach project turned into a community wide project because we received donations from several area businesses and from the families and staff of the Westby Day Care & Learning Center, in addition to the assistance provided by the Westby UMC congregation.

We served about 225 people at the breakfast. During the event, Eastyn and the other children had a special visit from "Mr. Dinosaur". Everyone enjoyed good food and good company for a worthy cause. Through everyone's generosity, we raised \$4434.63 for Eastyn and his family.

We would like to thank the following businesses for their donations:

- Hansen's IGA – Westby
- Kwik Trip
- Organic Valley
- Our Savior's Lutheran Church - Westby
- Potato King
- Sam's Club
- Westby Creamery
- Westby Day Care & Learning Center
- Woodman's Food Market

Thank you to everyone who helped share God's Love with Eastyn and his family through this community outreach project.
