

A Community Christmas with the DisChords

The New Hope UMC opened up their church to the community on Sunday, December 17th for an evening of music, food, and fellowship. The DisChords shared the sounds of the season with those in attendance and filled their hearts and minds with Christmas cheer. Following the performance, everyone was treated to a potluck meal provided by members of the church and enjoyed great fellowship with their neighbors. It was a fantastic evening that brought community members together at this special time of the year.
