2018 Charge Conference

On the evening of October 30th, leaders from the United Methodist churches of Circuit 08 (Dell, Faith, La Farge, Liberty Pole, New Hope, Retreat, Viola, Viroqua, & Westby) gathered together for a time of learning and conducting annual church business. Those in attendance learned how to pray in a way that leads to renewal for our churches and took ideas back with them to their home churches to put into practice.

Once the learning session was over, the churches all voted on various business items including leadership roles, membership changes, approving lay servants in the churches, budgets and other financial items. It was a good night filled with a lot of very useful information and important work. Thank you to everyone who ventured out and took part in the 2018 Charge Conference!
