

COVID Task Force Update for August 6, 2020

We recommend no changes in the current use of the building, thus we recommend continuing in-person worship. Use of the building for small groups will be considered later this summer or in autumn, pandemic permitting.

We understand the Coulee COVID-19 Compass is being discontinued and will be replaced by another metric. We will learn about this new metric and how it can help us with building-related recommendations.

For those of you attending in-person worship, thank you for honoring our church family by physical distancing, wearing a mask and using hand sanitizer.

If you would like to attend worship service but haven't already informed our office staff of your interest, please call (637.3551) and leave a message. If you prefer to worship from your home or the church parking lot, services can be heard on WVRQ (AM 1360 and FM 107.3) and on Facebook Live.

The task force plans to provide updates on the first and third Thursdays of the month.

Contact Chuck Mulvaney-Kemp (608.393.8136) or Phyllis Kalnins (608.606.4321) if you have questions.

Stay well.
